

About

The ES-5 offers an additional eight 3.5mm outputs for the ES-3 mk3/mk4, ES-8, or ES-9 base units and functions in the same way. For use instructions, consult your base-unit manual.

Panel Width	4HP
Module Depth	49mm
D/A Conversion	24bit
Signal to Noise Ratio	113dB typical
Output Connections	8x 3.5mm (DC coupled)
Maximum Output Voltage	±10V DC
Current Draw	148mA on the +12V rail, 18mA on the -12V rail
Power Connector	Doepfer Standard
Indicators	Illuminated 3.5mm jacks indicate output voltage (+ve/-ve)
